

Virtue Mart

1. Установить скачанный модуль через стандартный установщик Joomla

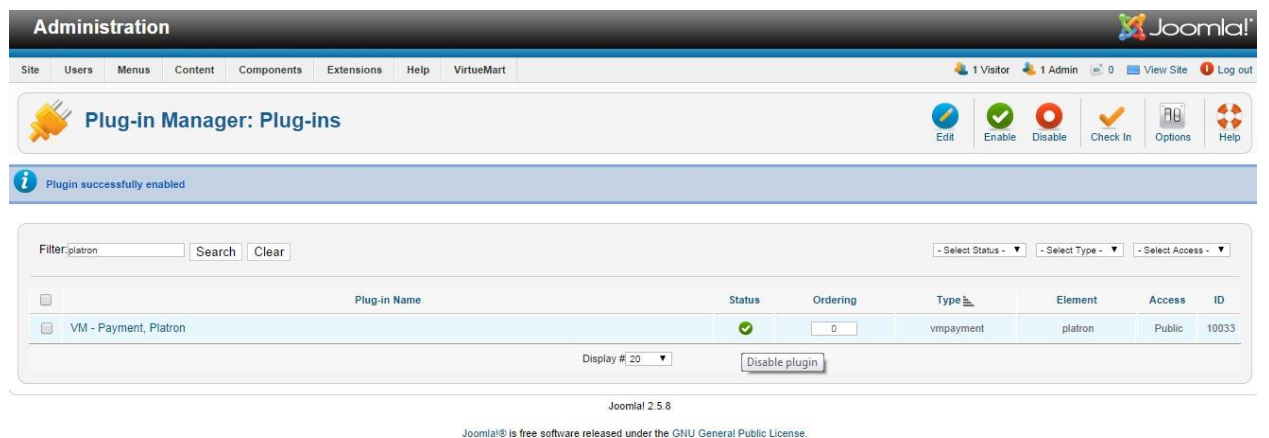

The screenshot shows the Joomla! Administration interface for the Extension Manager. The main heading is "Extension Manager: Install". Below this, there are three installation methods:

- Upload Package File:** A text input field for "Package File" with a "Выберите файл" (Choose file) button and an "Upload & Install" button.
- Install from Directory:** A text input field for "Install Directory" containing "F:\OpenServer\domains\joomla\tmp" and an "Install" button.
- Install from URL:** A text input field for "Install URL" containing "http://" and an "Install" button.

At the bottom, it says "Joomla! 2.5.8" and "Joomla!® is free software released under the GNU General Public License."

2. Заходим в админку Joomla->менеджер плагинов->VM-Payment, Platron – активировать

The screenshot shows the Joomla! Administration interface for the Plug-in Manager. The main heading is "Plug-in Manager: Plug-ins". A notification bar at the top says "Plugin successfully enabled". Below this, there is a search filter for "platron" and a table of installed plugins.

	Plug-in Name	Status	Ordering	Type	Element	Access	ID
<input checked="" type="checkbox"/>	VM - Payment, Platron	✓	0	vmpayment	platron	Public	10033

At the bottom, it says "Joomla! 2.5.8" and "Joomla!® is free software released under the GNU General Public License."

3. Заходите в админку Joomla->компоненты->VirtueMart->Магазин->способы оплаты

4. Создаем новый и выбираем способ оплаты VM-Payment, Platron, нажимаем

«Сохранить»
